

## COVID-19 Risk Assessment for re-opening Building Community Centres – Ceredigion, August 2020

This sample document can be used as a guide to help produce your own COVID-19 risk assessment for your building. You should consider adapting it to suit your own premises as appropriate. You should also look at your building's usual risk assessment and check whether COVID-19 has changed any part of it.

The COVID-19 Risk Assessment should be carried out in consultation with any employees (HSE guidance) and the Management Committee of the facility. It is advised that any self-employed or volunteer cleaners or caretakers are also consulted, and that your draft is provided to key voluntary organisations which regularly use the building so that any points they raise can be taken on board before it is issued to them as a document to be observed as part of the Special Conditions of Hire.

A key part of the risk assessment will be identifying “pinch points” where people cannot maintain social distancing of 2 metres. Transient passing at a closer distance is less of a risk than remaining in a more confined space so, for example, a narrow corridor is less of a risk than a galley style kitchenette or a toilet area with limited circulation space between cubicles, basins and door, where people remain for longer.

Where 2m social distancing is not possible, additional control measures will need to be put in place.

### Important Notes:

1. The COVID-19 Risk Assessment may need to be updated in the light of any new government advice that may be forthcoming.
2. This document should be read in conjunction with relevant legislation and guidance issued by government and local authorities.
3. This document is intended to be a comprehensive guide, although Ceredigion County Council cannot be held responsible for any errors or omissions, factual or otherwise, arising from reliance on it. It is not a substitute for independent professional and/or legal advice.
4. Useful additional guidance:
  - <https://gov.wales/safe-use-multi-purpose-community-centres-covid-19>
  - <https://www.hse.gov.uk/coronavirus/ppe-face-masks/non-healthcare/index.htm>
  - <https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings>
  - <https://www.hse.gov.uk/coronavirus/legionella-risks-during-coronavirus-outbreak.htm>

The following Risk Framework Matrix will help you identify the Risk score present in your premises **after** you have applied control measures by using the following calculation: **Likelihood X Impact = Risk Score**

	Negligible (1)	Minor (2)	Moderate (3)	Major (4)	Severe (5)
Almost Certain (5)	5 Medium Risk	10 Medium Risk	15 High Risk	20 High Risk	25 Critical Risk
Likely (4)	4 Low Risk	8 Medium Risk	12 Medium Risk	16 High Risk	20 High Risk
Possible (3)	3 Low Risk	6 Medium Risk	9 Medium Risk	12 Medium Risk	15 High Risk
Unlikely (2)	2 Low Risk	4 Low Risk	6 Medium Risk	8 Medium Risk	10 Medium Risk
Rare (1)	1 Low Risk	2 Low Risk	3 Low Risk	4 Low Risk	5 Medium Risk

**Risk Score explanation:**

The Risk score will enable you to identify the areas to prioritise and respond to them accordingly:

Risk Level	Occurrence likelihood	Management
Low Risk (1-4)	Either remote or possible likelihood of occurrence	Accept or manage by following agreed procedures
Medium Risk (5-12)	Either remote, possible or likely chance of occurrence	Manage with agreed review and monitoring procedures, be prepared to halt process and review risk reduction measures
High Risk (15-20)	Is Likely to occur	Halt service resume> review risk reduction measures
Critical Risk (25)	Almost Certain to occur	Halt service resume>review risk reduction measures if applicable> consider re-planning or postponing the service review until organisational risk is reduced

## COVID-19 RISK ASSESSMENT

<b>Location / Building</b>	New Quay Memorial Hall	<b>Assessment no.</b>	1	<b>Date</b>	01/09/21
<b>Assessor</b>	Sharon Evans on behalf of NQ Memorial Hall Committee	<b>Position</b>	Treasurer	<b>Agreed by committee (date)</b>	17/09/21

### Activity / Process / Guidance:

#### Safely reopening of multi-purpose building (community centre /village building/church building)

In response to the COVID-19 public health crisis, and as part of the lockdown measures in place since March 2020, multi-use facilities were closed. As part of the Welsh Government's 'Unlocking our Society and Economy' roadmap published on May 15<sup>th</sup>, it is indicated that reopening elements of multi-purpose buildings would start in the 'Amber' stage and would fully reopen in the 'Green' stage. During an announcement on the 17<sup>th</sup> of July, it was confirmed community buildings would be able to increase their activity, helping local authorities provide summer holiday play schemes and childcare from July 20<sup>th</sup>. During an announcement on August 7<sup>th</sup>, it was confirmed community centres would be able to reopen for all activities allowable in the Regulations. It remains at the discretion of managers of community centres over when they consider it safe for any activity permitted by legislation and may decide to remain closed if they if they are not able to safely follow the advice and relevant guidance to make the premises COVID-19 secure.

- Community centres, village buildings, and other multi-use community facilities support a wide range of local activity. However, their communal nature also makes them places that are vulnerable to the spread of coronavirus (COVID-19). Many community facilities are also workplaces and those responsible for these premises should therefore be aware of their responsibilities as employers. In addition, all premises open to the public are obliged by law to take all reasonable measures to prevent the spread of coronavirus. As part of the plans to reopen, this risk assessment should be read in conjunction with other, current risk assessments already in place.

This document will be regularly reviewed and updated particularly in light of changes to government guidance, lessons learned and any other examples of best practice elsewhere. This will be the responsibility of the building manager

Latest information about Welsh Government guidance for Safe use of multi-purpose community centres (COVID-19) is available on WG website:  
<https://gov.wales/safe-use-multi-purpose-community-centres-covid-19>

The potential mitigations are in three categories colour coded as follows:

Red – **Actions based on Government advice (i.e., should be considered mandatory)**

Orange – **Action that are strongly recommended**

Green – **Actions that you might like to consider**

### COMMUNITY BUILDINGS FACILITIES MANAGEMENT RE-OCCUPANCY CHECKLIST

<b>Location / Building</b>	New Quay Memorial Hall	<b>Date</b>	15/09/2021
<b>Facilities Manager / Responsible person</b>	Sharon Evans	<b>Position</b>	Treasurer
<b>Section</b>	<b>Implementation</b>		✓ / X / n/a
Has the outside of the building been checked for any damage during period of closure?	Yes		Julian
Have the required safety checks been completed? E.g. Legionella,	Yes and Legionella completed September 2021		Julian
Have the maximum capacity of rooms been identified	Main Hall – 50 seated / 30 standing Room 1 – 6 seated Room 2 – 12 seated Snooker Room – 8 standing		Julian
Have the insurers been advised whether/when the premises will be reopening and checked any requirements?	Yes		Julian
Is the Fire log up to date e.g. monthly/ Weekly checks	Yes, logbook kept in care takers cupboard on 1 <sup>st</sup> floor.		Julian
Has the Fire Risk Assessment been updated			Caretaker
